**Safety**

Near Spot Height 476 & Silver Hill

The track ending at G902926, to the north of Silver Hill is convenient to L7633 on the Glenties road

Near Lavagh Beg

Do Not escape by the North East

Head for the grey line on map beginning at G922918, this is a fence, follow down hill to road

### Near Lavagh More

Do Not escape by the North West

Head downhill towards the Reelan River to join the road

### Near Crash Site / Croaghgorm mountain

Head into the Sruell Valley

### Near Spot 597 / Lough Nacrow

Head down along track beginning at Spot 539 G936888

### **Backup Camps**

50% is at Lavagh Beg, - Campsite at Lough Nagolan

75% is at Spot 597 so Lough Cronagorma can serve as Backup high camp or they could be told to continue walking but go straight to high camp at Lough Nacrow bypassing the crash site

### **Cars**

Friday night

Car parking has been cleared by farmer, don't block road or access to his cow shed

Plenty of parking

Sunday Morning

Leave 2 cars at Y Junction to Ferry Drivers back to Cars, distance is 5.7km, takes no more than 10 minutes to travel. They must return to the Y Junction to begin journey home

### **Camping**

Both Camp sites have been cleared

### **Fences**

This is a major issue with both farmers, We cannot damage the fences
